

David Patton, CPA (Inactive)

Consultant

ABOUT DAVID

David is a highly qualified CPA (Inactive) with 30+ years of experience in financial & managerial accounting, budgeting, forecasting, analytical support, and staff management. David has a proven track record of leadership and success at three Fortune 500 companies. He began his career with Big Four firm, EY as an auditor and continued his professional career in a variety of financial accounting roles. His proven expertise includes establishing internal controls, managing the month-end closing process, reporting financial results, providing complex analytical support, and developing & implementing innovative solutions to support various business initiatives.

His experience includes providing analytical support to the executive leadership of a global transformation team with annual revenues of \$700M. He developed a critical monthly reporting packet providing executive and operational management data necessary to facilitate sound business decisions, as well as reporting that segregated profitability based upon revenue streams so that underperformance could be isolated and addressed.

David has leveraged upon his knowledge of SAP financials, auditing, investigation, analytical, Excel modeling and communication skills to design, develop & implement many Excel-based workbooks to improve efficiency and accuracy. Those solutions include, but are not limited to executive briefings, forecasting models, financial reporting, and Key Performance Indicators (KPI).

David is an experienced manager historically involved in hiring, training, and coaching both on-site and remote staff. He has facilitated a standard training process for offshore team members. Other areas of expertise include SAP financial software, labor accounting, and reporting metrics.

David's strong work ethic, and his managerial, communication, technical and analytical skills make him a key contributor to a variety of accounting projects.
