

Gladys Davis, CPA, CGMA, MBA

Consultant

ABOUT GLADYS

Gladys is a results-driven CPA and consulting professional with Fortune 500 experience and a unique blend of accounting, finance, operational, and training expertise. With 25+ years of experience as a treasurer, controller, and director of accounting, Gladys is proficient in strategic team leadership, project management, process improvement, financial analysis, and analytical problem-solving.

Gladys has excellent project management skills, including systems implementations and post-merger transition teams. She is well-organized and able to balance the big picture and small details effectively. She is a collaborative team player who is well-respected, liked, and trusted by all levels at client organizations.

As a former learning strategist, Gladys has in-depth experience developing customized corporate learning content, including the topics of artificial intelligence, robotic process automation, and machine learning. For five years, she taught as an adjunct professor in both undergraduate and graduate programs, teaching managerial, financial, and cost accounting.
