

Jill Kerns, CISA

Shareholder + Managing Director of Client Service

ABOUT JILL

Jill, as a shareholder and director, leads our IT Compliance & Data Security services. She is an IT solutions-oriented, CISA-certified professional with 15+ years of experience in assessing internal controls, developing personnel, and providing quality information technology services to a broad range of clients in various industries.

Jill began her career with Deloitte & Touche, performing computer control reviews and business process controls. She currently serves many of our larger and more complex information technology audit clients. She develops, executes, and manages regulatory compliance projects such as, internal control (SOX) testing, system and organization control (SOC) examinations, audits related to data privacy, and is an information technology data security specialist.

She monitors information security trends and is knowledgeable of security-related issues and activities affecting an organization. As an expert advisor, she understands potential threats, vulnerabilities, and control techniques, and effectively communicates this information to clients.

Jill advises senior management in the implementation, maintenance, and risk of software systems and technology solutions and provides training to our professionals. She provides guidance and advocacy regarding the prioritization of infrastructure investments that impact security.

Jill brings an extensive business and technology background together to help reduce technology risks to clients' businesses.
