

## **Megan Staley, CPA, MAcc**

*Consultant*

### **ABOUT MEGAN**

With a master's degree in accounting and over a decade of accounting experience working at a Big Four firm and Fortune 500 company, Megan is a well-qualified CPA with strong problem solving, project management, and relationship building skills. Beginning her career in public accounting as an external auditor with Deloitte and Touche, Megan subsequently held several real estate finance leadership positions with an international, publicly-traded specialty retailer where she applied her expertise in auditing, financial analysis, and team building.

Megan's in-depth knowledge of internal and external audit functions is key to her ability to successfully assist clients with Sarbanes-Oxley control testing and regulatory compliance, pre-audit planning and on-going project management, and internal control reviews and recommendations. She is highly capable of performing outsourced accounting engagements, as well as staff training on technical accounting issues.

Experienced leveraging the capabilities of a multitude of enterprise resource planning systems, business intelligence software, specialized databases, and report writers geared towards large-scale organizations, Megan is highly adept at quickly gathering, analyzing, and reporting data analytics resulting in improved operational efficiencies and increased cost savings.

Clients appreciate Megan's proven track record of fostering positive and collaborative relationships with customers, employees, and business leaders as they focus on shared priorities such as mitigating risks, implementing process improvements, and employing best practices.
