ABOUT SARAH

A strategic financial operations manager with 15+ years of retail industry experience, Sarah has a deep understanding of finance, operations, accounting, and technical issues. She has held various management positions in store control, real estate accounting, and accounting operations. She was responsible for a \$1B+ consolidated budget as well as the forecast and analysis reporting.

Sarah's experience in real estate includes legal and technical accounting and Brand Exit procedures which required detailed comprehension, review, and collaboration with others. As a Senior Finance Manager, she had oversight of 300,000 invoices for a \$2.5B global spend. She managed the global payment process as well as internal controls and project leadership.

Sarah has expertise in GAAP, SOX, ASC 842, internal controls, budgeting and forecasting, month-end close, system upgrades, as well as ad hoc analysis. She is recognized for her approach to problem-solving and is an asset to her Kaiser Consulting engagements.
