

Tiffany McGinnis, CPA, MPA

Director of Client Service

ABOUT TIFFANY

A well-rounded accounting professional with over 15 years of accounting experience, Tiffany is knowledgeable in financial reporting, technical accounting research, audit processes, control environments, and general accounting. She is adept at analyzing information and using it to focus on continuous improvement opportunities.

Beginning her career in public accounting with KPMG, Tiffany was responsible for all phases of audit. She identified, researched, and developed solutions to complex accounting and audit issues. Tiffany's career progressed to roles at a leading national utility company and a top-ten property and casualty insurer. She has led multiple strategic initiatives around internal benefit plans, the implementation of risk-mitigating controls, and the assessment and documentation of key controllership processes.

Tiffany joined Kaiser Consulting in 2018 as an accounting consultant and has provided a complete range of accounting services to our larger company clients. Promoted to director of client service in 2022, Tiffany cultivates new and sustains existing client relationships while overseeing the successful execution of client projects. She keenly utilizes her perceptive insights and networking skills to proactively identify opportunities for our firm to provide strategic solutions to our clients and help their organizations overcome challenges and achieve their goals.

Dedicated to continuous learning, Tiffany seeks out opportunities and resources to become more technically proficient as well as to develop and enhance relationships within organizations. She is a dynamic team player who can easily bring about increased team engagement.

Clients value Tiffany's ability to analyze information to identify and implement solutions that improve the organization as a whole. Her proven track record of bridging multiple departments, bringing diverse constituents together, and leading a team towards a successful project completion make her an asset to clients.
