

Tiffany McGinnis, CPA, MPA

Consultant

ABOUT TIFFANY

A well-rounded accounting professional with over 15 years of accounting experience, Tiffany is knowledgeable in financial reporting, technical accounting research, audit processes, control environments, and general accounting. She is adept at analyzing information and using it to focus on continuous improvement opportunities.

Beginning in public accounting with KPMG, Tiffany was responsible for all phases of audit. She identified, researched, and developed solutions to complex accounting and audit issues. Her career progressed to roles at a leading national utility company and a top-ten property and casualty insurer. Tiffany led multiple strategic initiatives around internal benefit plans, the implementation of risk-mitigating controls, and the assessment and documentation of key controllership processes.

Dedicated to continuous learning, Tiffany seeks out opportunities and resources to become more technically proficient as well as to develop and enhance relationships within organizations. She is a dynamic team player who can easily bring about increased team engagement.

Clients value Tiffany's ability to analyze information to identify and implement solutions that result in improvements to the organization as a whole. Her proven track record of bridging multiple departments, bringing diverse constituents together, and leading a team towards a successful project completion make her an asset to clients.
